GENUINE AMERICAN CUISINE

# Allergen Information Guide

## LUNCH

The health and safety of our guests are top priorities at Harvest. As part of our commitment to you, we provide the most current allergen information available from our food suppliers on eight common allergens, so that our guests with food allergies can make informed food selections. Please be aware that during normal kitchen operations involving shared cooking and preparation areas, the possibility exists for food items to come in contact with other food products.

**Due to these circumstances, we are unable to guarantee that any menu item can be completely free of allergens. *Hershey Entertainment and Resorts Company* will not assume any liability for adverse reactions to food consumed, or items one may come into contact with while eating at Harvest.**

Every effort is made to keep this information current. However, it is possible that ingredients change and substitutions may occur due to the difference in regional suppliers, product changes, preparation techniques, and/or the season. Specials and Limited Time Offers are not included in this Allergen Information Guide.

**\*\* If you, or someone in your party has a Food Allergy, please alert your server when dining. He/She will be able to help guide your menu selection. If unsure of your risk, please consult your physician. \*\***
